EVENT AT A GLANCE

Inspiration lies at every turn.

There's one night of the year where art and design intersect: The River North Design District's Fall Gallery Walk. For this special event, the River North Design District creates pairings with Chicago's top interior designers, international artists, galleries, and design showrooms to create amazing backdrops for the biggest party of the year.

At each showroom, a designer creates a gorgeous vignette using work by internationally acclaimed artists showcasing their art in a live setting.

This is the kind of evening that never gets boring, packed full of destinations where shoes serve two purposes: dancing and walking. The walking part includes 21 stops in Chicago's River North neighborhood. Each showroom is open late and showcases its designer's vignette, along with entertainment, music, food, and libations. Dancing is encouraged whenever the mood strikes.

The streets are flooded with art and design enthusiasts, and galleries and showrooms are buzzing with activity.

1 BRIDGETTE HAULENBECK INTERIORS FEATURING STEVEN HAULENBECK AND STUDIO HERRON'S DEE CLEMENTS AT BULTHAUP | 313 W. SUPERIOR ST., SUITE 109

Mixing Passion with Purpose: Making an impact while combining craft, fine art and everyday essentials is top of mind for Bridgette Haulenbeek and designers Steven Haulenbeek of SHDC and Dee Clements of Studio Herron. These artists' mastery of the Art of Materiality - whereby common or scrap materials are reimagined into intricate woven, sculpted, and carved fine objects and functional art - is analogous to Bridgette's interior design technique. Join this dreamy team at bulthaup kitchens to experience how they challenge barriers between fine art and the quotidian.

2 ZACH HAYES DESIGN FEATURING DIANA NOH AT MOLTENI&C | 311 W. SUPERIOR ST.

Beauty in the Breakdown: Rather than hide her struggle as a native-born American growing up in a traditional Korean household, artist Diana Noh literally rips, burns and tears apart those painful memories only to reassemble them into something greater than the sum of their parts. Molteni&C and Zach Hayes Design invite you to indulge in deconstructed delicacies and libations, and to experience how breaking down emotional walls can create something utterly breathtaking.

3 THE WORKSHOP DESIGN STUDIO FEATURING DONNA DRAPEAU AT MOBILI MÖBEL | 300 W. SUPERIOR ST., SUITE 103

We invite you to dive into the whimsical world of artist Donna Drapeau, where playful dots and humble flowers serve as a metaphor for our bodies' dance with time and environment. Designer Kaila Kirkpatrick of the workshop design studio draws inspiration from Donna's interpretation of the quirky evolution of our lives, translating that into an immersive space featuring some of Mobili Möbel's most unexpected pieces.

4 MEGMADE FEATURING YAHA AT CALIFORNIA CLOSETS | 740 N. FRANKLIN ST. #110

Want to have your cake and eat it too? At the MegMade x California Closets design experience, you can have it all. Whether it's reviving an old piece of furniture, adding life into an already existing room through color and pattern or creating a completely custom storage solution for your home, you'll get a taste of all that they can do. Our abstract artist, Yaha will have custom commissions throughout, weaving color, texture and inspiration from the world around her throughout her work. Join us for food and drinks, and become a part of the party. And, as Marie Antoinette would have wished—let us eat cake!

★ OFFICIAL AFTER PARTY | INTERIORS BY FRANCESCA AND YAMINI DESIGNS FEATURING SAM GOBLE AND ALMA ART + INTERIORS FEATURING NANCY NATOW-CASSIDY, YVETTE KAISER SMITH, JACKIE KAZARIAN, AND DARREN OBERTO AT LIGHTOLOGY | 215 W. CHICAGO AVE

Safari Soiree: Step into the wild with our Safari Soiree, an artistic exploration where guests will be transported to an enchanting rainforest landscape surrounded by modern art and captivating lighting. Immerse yourself in vibrant colors, rich textures, and the sounds of the wilderness as you embark on a journey through the untamed beauty of the rainforest. You will be welcomed with a bespoke cocktail as you explore the space, and you will enjoy the artistry and play of light that evokes the magic of the wild. Join us for an evening filled with tribal rhythms, dance, and celebration, where art, lighting, and design converge to awaken your senses, ignite your curiosity, and inspire a newfound appreciation for the beauty and diversity of our planet's most captivating landscapes.

6 KBS INTERIOR DESIGN FEATURING MAGDALENA KRZAK OF DANIEL KINKADE FINE ART AT ARMAZEM.DESIGN | 212 W. SUPERIOR ST.

An Illusion Between a Home and a Woman's Emotions: Immerse yourself into this utopia with lush greenery and an elegant ambiance that mirrors the beauty of women's emotions and the struggles of everyday life. The installation at the Armazem showroom becomes a harmonious fusion of design elements and artistic expression, providing a captivating and thought-provoking experience for viewers.

The Ryan Sang Licht Bipolar Foundation

The Ryan Sang Licht Bipolar Foundation was founded by Joyce and Dusty Sang in memory of their only child, Ryan Licht Sang, who passed away at the age of 24. At age five, Ryan began exhibiting symptoms of bipolar disorder. At the time of his death, however, Ryan was in the most productive and promising phase of his life. The Ryan Licht Sang Bipolar Foundation is dedicated to fostering awareness, understanding and research for Early-Onset Bipolar Disorder.

QUEST FOR THE TEST™ is an initiative aimed at funding research to develop an empirical, biomarker test for bipolar disorder so that children and adolescents with bipolar disorder can be diagnosed by means of a simple clinical test which will make early detection and intervention a reality.

Humble Design

A house isn't a home without a warm bed and a place to gather with family. Our home makeovers change an entire mindset, generating an immediate focus on self-empowerment and long-term stability. Humble Design sets families on a course towards a bright and hopeful future. Restoring hope and dignity has a life-changing impact both for the people we help and the volunteers who make it possible. Humble Design impacts families and the environment, as well as our community of volunteers. Together we can end homelessness.
